

# Fraunhofer-Gesellschaft e.V

**Client:** Fraunhofer-Gesellschaft e.V. München

**Project:** Construction institute for material mechanics, division Halle/Saale

**Main Floor Area:** approx. 3,259 m<sup>2</sup>

**Project Period:** 2004 to 2007

**Scope of Services:**

- Building automation
- Safety engineering
- Laboratory technology
- Work phasas 1 to 8 according to HOAI (fee structure for architects and engineers)

**Functional Area:**

- S2 laboratories
- Polymer technology
- Biological laboratories
- Electron microscopy

**Special Features:**

- Ultrapure water purification system
- Clean room 10000/1000
- Systems integration of all installations
